REPORT OF THE GILFORD PUBLIC LIBRARY TRUSTEES

1965

In the twenty years since World War II, we all know that Gilford has greatly increased in population and corresponding needs for improvement of services of the town to its citizens. The Gilford Public Library in that span of time has also changed accordingly from a small village library collection, open only 10 hours a week, to a busy town library, open 5 days a week, staffed with competent personnel and stocked with a good collection of up-to-date books and periodicals in all fields of knowledge. One of the most recent improvements to service in 1965 was the installation of a telephone in the library for the convenience of the people of Gilford.

Regular monthly meetings of the trustees have been held all year to consider and act upon the various problems concerned with establishing and maintaining the best library services possible within our budget.

The trustees voted in February that the Gilford Public Library should become affiliated with the Statewide Library Development Program which is designed to make complete library service conveniently available to all citizens of New Hampshire. Some features of the program will be direct financial aid to all affiliated libraries; service centers in larger libraries; stronger State Library branch offices; centralized cataloging and purchasing of materials; and improved reference and inter-library loan services. As a bonus for joining, our library received a number of excellent reference books.

Since we joined this Program, in addition to her regular duties as Librarian, Mrs. Ruth Pratt has served as Secretary of the Qualifications Committee of the Advis-

ory Council in the Concord District of the Program, and has attended many meetings concerned with the Development Program. Mrs. Pratt has also been very busy in improving her professional qualifications as a librarian. She again attended the summer training session for public librarians at the U. of N. H., and is also currently enrolled in an extension course on Book Selection for Adults and Young Adults. Mrs. Pratt has also been instrumental in organizing the Gilford Grade School Library. A bird feeder installed outside the Reading Room window is another thoughtful gift of the Librarian. Mrs. Dorothy Emilio has also faithfully served this past year as Assistant Librarian.

The trustees have also endeavored to keep themselves well informed as to recent developments in the professional library field by attending meetings, taking courses, and serving on various committees connected with both public and school libraries.

The trustees wish to express their appreciation to all the people who have contributed to the Public Library by either donations of service, books and periodicals, or other gifts. We always welcome suggestions for improvements to the Library by interested citizens, and we urge everyone to become regular patrons of the Gilford Public Library.

LIBRARIAN'S REPORT OF THE GILFORD PUBLIC LIBRARY

1965

The Gilford Public Library is located just across the bridge in the village. All residents of our town are welcome. Our library hours have remained the same for the past two years: Monday, Wednesday and Thursday, from 2 until 6 p. m. Tuesday and Friday, from 2 until 8 p. m.

We have seen another increase in the number of students using our library reference room. We purchased a new *Collier's Encyclopedia*, last year. In February, by a unanimous vote of the Board of Trustees, the library became affiliated with the Statewide Library Development Program. At this time, the library received a \$150.00 Federal Grant to be used for reference books.

I again attended the UNH Summer School for three weeks. Mrs. Dorothy Emilio, Assistant Librarian, ably ran the library in my absence. Mrs. Lee Burt and Mrs. Fran Talbot also helped. I attended a 10 week course in the fall, too. This was held at the Laconia Public Library. Our instructor was Miss Elizabeth Kingseed, the Assistant State Librarian for New Hampshire. The subject was "Book Selection for Adults and Young Adults".

During Children's Book Week, in November, Mrs. Gustafson's 3rd grade class visited the library and the following week, Mrs. Johnson's 3rd grade came. Mrs. Emilio showed the children how to register for a library card and the use of the card catalogue was explained.

The first of December, the new school library at the Gilford Grade School was opened to the children. I spent a very busy morning explaining to the young people of

the 5th and 6th grades how to use their library. This library, at the school, enables us to reach the boys and girls who cannot use the town library because of transportation problems.

Respectfully submitted,

RUTH S. PRATT,
Librarian

REPORT OF THE GILFORD RECREATION COMMISSION

To the residents and taxpayers of the Town of Gilford:

Concluding its first year of activity, the Recreation Commission herewith submits its report on the operation of Gilford's recreational facilities in 1965.

I. Gilford Beach.

The Town possesses perhaps the largest municipal water recreation area in the State. With over 1300 front feet on the Lake, your Commission is trying to make sure that the Beach ranks among the best as well. Improvements in 1965 included enlarged parking areas, new sanitary facilities, a larger swimming area, a dock for teaching purposes, additional lifeguard personnel and more beach space for exclusive use by Gilford residents and taxpayers.

Beach attendance reached a new high, with a grand total of 43,461 admissions. Of this total, residents and taxpayers and their families accounted for 31,238 admissions, far outdistancing all other categories of Beach patrons. Guests of residents and taxpayers and persons staying at local resorts who were admitted at a reduced rate made up 3,412 admissions out of the total. The general public contributed 8,811 admissions. Paid admissions generated \$2,826.78 in revenue, \$826.78 of which was available for Recreation Commission use; the remainder was required to be returned to the town's general fund.

Response to the Red Cross-authorized program of swimming instruction also set a new record, with well over 200 children participating. To meet the demand, two members of the full time waterfront staff and a part-time teacher attended to teaching tasks. The Commis-

sion considers the teaching program to be one of the most important aspects of the Town's recreational activity.

In 1966, 12 more outdoor cooking facilities will be installed. Proper maintenance of the existing physical plant is important, and the Commission hopes to have some of the buildings painted. Movement of traffic between the main entrance and the Varney parking lot has presented problems; budget permitting, the road to the Varney parking lot will be widened. The Commission also hopes to install playground equipment for use by the younger children, and an additional lifeguard stand.

The Commission wishes to thank everyone for fine cooperation with beach personnel, which helped make the Beach a safer and more enjoyable place to swim.

II. The Village Field.

Development of the area in the Village purchased from Charles Farmer in 1965 has become one of the Commission's most pressing responsibilities. In order to ensure an economical, orderly development, the Commission has consulted with the United States Soil Conservation Service, United States Forest Service, a recreation expert at the University of New Hampshire, and the Director of the State Community Recreation Service. Inquiries as to availability of State and Federal financial aid are being pursued. The Commission has drawn up tentative plans to develop the field for a variety of recreational uses. Development will of course cost money, but the Commission hopes that careful, step-by-step planning of quality installations requiring a minimum of maintenance will keep costs low and will secure the Town's approval.

III. Swimming at Glendale.

During the summer of 1965, the area immediately adjacent to the Glendale Docks was closed to swimming.

Initially, the Commission took this step after conferring with the Selectmen; both the Commission and the Selectmen concluded that increased boat traffic around the docks and inability to supervise the area properly made swimming extremely hazardous. While some portion could be roped off for swimming, this would not insure against intrusion by unskilled boat operators, but it would reduce usable dock area for which the Town had spent a considerable amount.

In July, analysis of the water in the area by the State Bacteriological Laboratory revealed a bacteria count too high for healthful swimming, and the Town Health Officer notified the Selectmen to this effect.

A number of people in Glendale who had formerly used the area for swimming believed the closing was unnecessary. The Commission scheduled a meeting on July 25th for an exchange of views, which was well attended. Though the high bacteria count prevented any reopening, following the meeting the Commission fully reconsidered the original reasons for closing the area. The State's safety officer on the Lake was consulted and he, too believed the closing was advisable for safety reasons.

In June 1965, the Commission sent out a newsletter outlining its plans for operation during the year. We hope to continue the practice in the future. As was stated in the newsletter, the Commission would appreciate receiving written suggestions on how Gilford's recreational facilities can be made better.

REPORT OF OVERSEER OF PUBLIC WELFARE

Ninety-four persons representing 30 families were served by this office. Ten persons received Old Age Assistance; one received Aid to the Permanent and Totally Disabled. Six families received Town Direct Relief. Ten families have benefitted from surplus food through the County Welfare Office. Six families accepted presents and baskets at Thanksgiving and Christmas. Eight families were advised and assisted in referral to appropriate community resources. This has involved over 50 man hours and 700 miles travel.

The budget appropriation was \$7,000.00. Ten months of state programs represented an expense of \$8,418.00; \$2,105.00 of which is borne by the Town. Direct relief costs included food, \$1,019.00; shelter, \$696.00; medical, \$519.00, totalling \$2,234.00. The unexpended balance is \$2,661.00. Based on excellent employment conditions, augmented Social Security programs, and our previous five years experience, estimated expenditures for 1966 are \$5,500.00, and this appropriation is requested for the Welfare Department.

Respectfully,

WILLIAM M. CONNELLY,
Overseer of Public Welfare

GILFORD FIRE DEPARTMENT

1965

The year 1965 proved to be a very busy year for your Fire Department. Having answered 100 calls as follows:

House Fires	21	Gasoline Spillage	3
Brush Fires	22	Resuscitator	2
Grass Fires	14	Plane Crash	1
Car Fires	9	Dog Rescue	1
Chimney Fires	4	Lost Persons	1
Dump Fires	4	Circus Standby	2
F. O. B. Fires	5	Mutual Aid	11

Also the Lakes Region Mutual Fire Aid Association came to our assistance twice.

It is estimated that your Volunteer Firemen have given approximately 775 hours of their time for the extinguishing of fires during the past year. Also as in the past we have tried to cooperate with residents who wished to clean up buildings in order that Gilford might become even more attractive. Your department cooperated with the Watkins Construction Company and burned the houses along Route No. 11-A to make way for the reconstruction of our artery to Laconia.

Again this year our men took advantage of the Civil Defense Training Center at Lily Pond and attended the varied courses offered to them in that they should become a greater asset to the Department. We are also proud that members of our Department are Instructors at such an installation.

The New England Association of Fire Instructors held its training session in Gilford during the past year. We in the Department feel quite honored that we were the

Key Department to demonstrate the "Rural Hydrant." This type of hook-up allows for a constant flow of water via tank trucks without the congestion that used to be quite noticeable. This system was developed by the Lakes Region Association and is receiving wide use.

Your Fire Department was called on to search for two boys reportedly lost on Mount Belknap. About 50 Firemen answered the call and searched for four hours during the night and finally located the two lost and cold young boys. A great deal of credit goes to our recently purchased Portable Radio. In our estimation your appropriation to purchase this radio has been repaid many times. With this radio the time required to locate these boys was greatly reduced by having two-way communications at all times.

We also have had the enjoyment of having the Gilford Elementary School first graders visit the station. With each of the three groups we have given them the Grand Tour and demonstrated different items such as radio, etc. We also take advantage of these visits in order to instruct these youngsters in Fire Safety and how to call the Fire Department. We also conduct periodic fire drills at the school.

Special thanks go out to our Police Department for their handling of traffic and to the Highway Department for their assistance during the day-time when we have been short handed at fires as they have answered our call for more help. We also wish to thank the Ladies' Auxiliary for their help in bringing us coffee, sandwiches and doughnuts.

In the November 1965 issue of "Soil Conservation," a magazine published by the United States Department of Agriculture, the following excerpt appeared in reference to "Dry" fire hydrants in New Hampshire: Almond "Red" Watson, chief of the Gilford, N. H., Fire Department, is one of its strongest supporters. "If the fire is near where

a hydrant is installed it will easily save 10 to 15 minutes, and we figure this very often is the point where you save or lose a building," Watson said. He considers the hydrant "the cheapest insurance you can buy." To date nine of these hydrants have been installed in Gilford, and these have already proven their value to the community.

We are very proud of our Fire Department and will endeavor to afford you the best possible protection. If you even suspect that you have a fire please call immediately. Make it a point to visit your Fire Station during the coming year.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board,
Parents and Voters:

This report will be my second and last for the Gilford School District. My retirement becomes effective June 30, 1966.

Because my term of office has been very short, this report will be correspondingly brief.

Actually, I became your Superintendent on July 1, 1964. During July and August it was my very good fortune to become quite well acquainted with Mr. Robert McGlone, Principal of the Gilford School. During this short time, Mr. McGlone and I formulated plans, and I am sure both looked forward to working together. I think it altogether fitting that I pay tribute at this time to the very fine man who was your principal. It is not often that two men on such short acquaintance become so understanding of each other as we did. I felt his loss greatly as I am sure that you all did. I also feel sure that Mr. Rowland D. H. Keith and the members of the school board join me in this tribute.

I would like to express at this time my sincere appreciation for the cooperation that I have received from the Gilford School Board. Mr. Rowland D. H. Keith, Mrs. Esther Nighswander and Mr. George Neilson have devoted many hours to the best interests of education in Gilford. I would also like to state that the teamwork between the budget committee and the school board has been outstanding.

To all the people in Gilford I would like to say that I have been very proud to be a member of their school system and have enjoyed my work exceedingly.

Yours with great sincerity,

KENNETH L. SHERMAN,
Superintendent of Schools
